# Medex Laser Co2 stand

## Laser Fraccionado de Co2

MX 157

## Fractional Co2 laser equipment

Skin renewing, skin resurfacing  
 Wrinkle removal, skin rejuvenation  
 Acne and acne scar removal  
 Smooth burnt scars and surgery scars  
 dermabrasion etc.  
 Remove intractable chloasmas and pigment  
 Sun damage recovery

## Specifications

Wavelength	10.600 nm
Controller	5.4" color touch LCD display
Laser type	(USA) radio frequency laser
Energy (power)	1 mJ to 100 mJ adjustable on LCD screen
Pulsed radiofrequency	0.530 W
Working state	ultra pulse mode
Average power	30 W
Scan pattern	Square, rectangle, round, triangle, oval, 6-diamond shape, line or customized graphics
Scan pattern size	0.1 x 0.1 mm—20 x 20 mm
Scan mode	free scan; Sequence scan; maximum distance scan
Spot size	≥0.1 mm at the focus
Pulse duration	0.1-10 ms adjustable
Spot distance	0.1-2 mm adjustable
Interval between scanning	0-6s
Interval between spots	1-5000ms
Laser apparatus	Sealed off laser device stimulated by direct current
Condenser focus	f=50 mm
Beam divergence angle	0.3 mrad
Aiming beam	635 nm infrared ray
Beam transport device	7 articular arm
Cooling system	air
Program language	English
Dimension of machine	60*54*32 cm
Dimension of package	67*71*49 cm
Dimension of accessories package 1	71*14*21 cm
Dimension of accessories package 2	13*34*40 cm
N.W.	28.5kg
G.W.	45kg
Packing	aluminum alloy case
Voltage	220V / 110V

## Features

### 1. Unique advantages—USA imported laser

- a. Imported from the international famous supplier in USA, is well-known that high quality and stable function—thin round spots, strong penetration of output laser, and even output laser energy
- b. The most safe and efficient treatment among skin rejuvenation, (acne) scar removal products in world now
- c. long using time for 3-5 years
- d. unique assembly standard in China

### 2. Excellent 7 articular-arm, to ensure the accuracy of long treatment and easy the operator' s hand greatly

### 3. High quality of machine shell ABS material

### 4. Perfect cooling system air

### 5. Suitable for the performance of skin care center, spa, medical spa, clinic, hospital

### 6. Multi-functions

2 sets of probes for different treatments, easy switch in between

### 7. Convenience

- a. Internal modular design, easy installation and maintenance
- b. Smart design, easy movement anywhere
- c. Humanized software control, all parameters adjustable on LCD display easily
- d. Infrared indicator, enhance the accuracy of treatment
- e. Strong packing: aluminum alloy case, durable in any rough transportation

### 8. Efficiency

suitable to all types of skin, high efficient treatment results

**9. Professional OEM/ODM services**

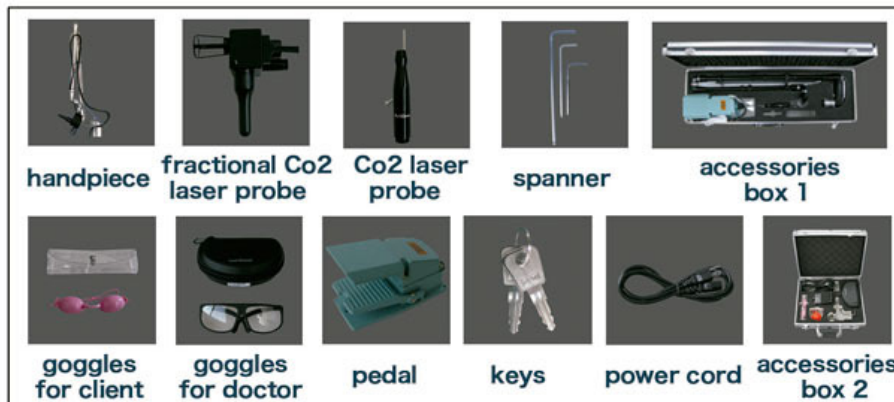

professional services on panel design & painting, software design, logo mark design (also able to put your logo on software and machine shell), package etc.

**LCD Controller display**

- ① able to let the out-position graphics recover to center position
- ② scan pattern: square, rectangle, round, triangle, oval, 6-diamond shape, line or customized graphics. we set up parameters well for each pattern before shipment

**Accessories**

**1 AÑO GARANTÍA**

USD 21000,00

# Nuestro Compromiso

Garantía técnica de 12 meses contra defectos de manufactura  
 Servicio asistencia técnica especializada **SATE**  
 Stock y/o capacidad de importación de partes, piezas y accesorios

Adiestramiento en técnicas y funcionamiento del equipo adquirido  
 Call center permanente para atención al cliente 1800 633398

Descuentos por pago de contado del 6%  
 Credito directo 40% de entrada 60% diferido  
 Aceptamos todas las tarjetas de credito
